

## The Great Breakfast Menu

- Imagine you are in charge of the restaurant on a cruise ship. You decide that you want to offer guests a different breakfast experience each morning so you need to come up with menus for the following themes:
  - ⦿ **Breakfast of Champions** – *the perfect start to the day for sports and fitness freaks*
  - ⦿ **Tropical Breakfast** – *fresh and fruity flavours to bring you morning sunshine!*
  - ⦿ **BreakFEAST** – *a BIG breakfast fit for a king or queen*
  - ⦿ **Slimfast Breakfast** – *fresh, healthy and light, the perfect morning meal for staying slim*
  - ⦿ **Farmers Breakfast** – *a traditional cooked breakfast with produce fresh from the farm*
  - ⦿ **Damage Limitation Breakfast** – *after a hard night's partying this will revive your spirits and get you back on track*
  - ⦿ **Globetrotters Breakfast** – *a selection of flavours from around the world to get your day off to a delicious start*
  
- In pairs/small groups create a menu with at least 5 different options (for example, something cooked, a cereal, fruit, a savoury option, a special drink). Give each menu entry a name plus a description. For example:

*Tropical Fruit Salad - An exotic cocktail of tantalising tropical fruits...*
  
- Write up your menu on a piece of paper – you are going to share this with the rest of the class and there will be a vote on the favourite menu!
